

Coastal protected area network development in the Russian part of the Barents region

*Ivan Mizin,
WWF Russia Expert*

What do we have now?

Сколько ООПТ в Баренц-регионе, важных для сохранения прибрежных экосистем?

How big is their area?

Какова их площадь?

	Total area, ha	Water area, ha
Russian Arctic National Park (including FJL)	5 626 700	3 358 610
“Onezhskoye Pomorie” National Park	201 668	21 000
State Nature Reserve “Nenetskii”,	313 400	181 900
State Nature Reserve “Kandalakshskii”	78 608	58 200
Regional Nature Parks and Refuges		

What are the main objectives we want to achieve?
Какие задачи на расширение системы ООПТ?

PA	Total Area	Water Area
Buffer zone of RANP	1 046 234	373 570
Vaigach National Park	654 115	420 306
Victoria Island	4 000	125 000

What are the threats to coastal ecosystems that we are planning to reduce?

Какие угрозы на прибрежные экосистемы мы планируем уменьшить?

Shipping

Pollution

Direct anthropogenic pressure

What are the rare species that we are planning to protect?

Какие редкие виды намереваемся сохранить?

Atlantic Walrus

Polar Bear

Wild Reindeer

Ivory Gull
